 Reasonably concentrated and moderately sweet riesling with fine, juicy acidity adding exquisite tension and energy. In addition to the chalky mineral character it has lime and rose petal/orange blossom flavours. 🍷 8

 This extraordinarily seductive riesling is technically sweet, with 73g/l of residual sugar, but it does in fact taste medium/dry. Sweetness is restrained by fine, fruity acidity in a way that produces delicious tension. I noted chalky mineral flavours with lime, apricot and orange blossom characters that are subtle but clearly evident. The wine will age magnificently. It's a Central Otago classic. 🍷 12
