

FELTON ROAD

2020 Felton Road Pinot Noir *Bannockburn*

Tasting Note

Bramble, autumnal forest after rain and bright berry fruits lead the nose. Sweet fruit on the entry coats the mouth; immediately expansive and alluring. Incredibly balanced and harmonious with the fruit depth defining the immediate pleasure, but without the wine falling victim to being 'fruit driven'. Silk laden tannins complete the mouthfeel and demonstrate an apparent boundless capacity to develop nuance and complexity. The harmony undoubtedly comes from the calibre of our four primely situated and respectfully farmed Bannockburn vineyards.

Introduction

Beginning with meticulous site selection and vineyard design started in 1991, Felton Road's story is one of refusal to compromise. A strict 100% estate policy with fully organic and biodynamic viticulture (BioGro and Demeter certified) ensures that our fruit arrives at the winery as pure as it can be, while our entire estate comes as close to true sustainability as is possible. A commitment to hands off winemaking: gravity flow, wild yeasts, wild malo, an avoidance of fining and filtration all help preserve the wine's expression of its terroir. The result is Riesling, Chardonnay and Pinot Noir which accurately express the authenticity and complexity of our unique vineyards.

Gareth King; Viticulturist, Blair Walter; Winemaker, Nigel Greening; Proprietor.

Vineyard & Viticulture

Felton Road farms four properties totalling 32 ha in the Bannockburn sub-region of Central Otago. This wine is a blend from our four vineyards; Cornish Point, Calvert, MacMuir and The Elms. Meticulous summer management of a single vertical shoot positioned (VSP) canopy ensures even and early fruit maturity. Shoot thinning, shoot positioning, leaf plucking, bunch thinning and harvest are all carried out by hand to ensure optimum quality fruit. Cover crops are planted between rows to assist in vine balance and to improve soil health and general biodiversity.

Vintage

Early vine development was steady with spring temperatures being average or slightly below and low rainfall. Flowering occurred during cool and relatively wet conditions causing smaller berry size and low bunch weights. Cooler conditions prevailed throughout the growing season, in particular March which was one of the coolest we have experienced. With the natural moderate to low yields and cool and extended ripening conditions, flavours were ripe and concentrated, with good vibrancy and acidity. The cooler and edgier growing season combined with our Bannockburn sites and intensive viticultural inputs, contribute to the 2020 Bannockburn Pinot Noir possessing profound character and depth. Cornish Point ripened surprising early with picking commencing on March 20 and concluding at MacMuir and The Elms on April 20.

Vinification

The unique gravity flow winery enabled the grapes to be gently destemmed directly into open-top fermenters without pumping, retaining 20% as whole clusters. Traditional fermentation with a moderately long maceration on skins has extracted good colour and tannin with considerable depth of flavour. This wine was aged for 13 months in 30% new French oak barrels from artisan Burgundian coopers. In accordance with our non-interventionalist approach to winemaking, this wine was fermented with indigenous yeast and was not fined or filtered.
