

## FELTON ROAD

### 2014 Felton Road Pinot Noir *Block 5*

#### *Tasting Note*

*The deeply fragrant nose offers sweet florals, cane fruits and exotic perfume. Signature lavender aromatics are at once bright and restrained in this vintage. Broad ranging red fruits and vibrant sandalwood are presented over a crystalline structure and elegant framework. Mocha undertones lend intriguing hints of noble power with soft and feathery tannins offering persistence and poised balletic precision.*

#### **Introduction**

Beginning with meticulous site selection and vineyard design started in 1991, Felton Road's story is one of refusal to compromise. A strict 100% estate policy with fully organic and biodynamic viticulture (Demeter certified) ensures that our fruit arrives at the winery as pure as it can be, while our entire estate comes as close to true sustainability as is possible. A commitment to hands off winemaking: gravity flow, wild yeasts, wild malo, an avoidance of fining and filtration all help preserve the wine's expression of its terroir. The result is Riesling, Chardonnay and Pinot Noir which accurately express the authenticity and complexity of our unique vineyards.

Gareth King; Viticulturist, Blair Walter; Winemaker, Nigel Greening; Proprietor.

#### **Vineyard & Viticulture**

Felton Road farms four properties totaling 32 ha in the Bannockburn sub-region of Central Otago. Block 5 is situated on a gentle north facing slope in the heart of The Elms vineyard and was planted in 1993. Meticulous summer management of a single vertical shoot positioned (VSP) canopy ensures even and early fruit maturity. Shoot thinning, shoot positioning, leaf plucking, bunch thinning and harvest are all carried out by hand to ensure optimum quality fruit. Cover crops are planted between rows to assist in vine balance and to improve soil health and general biodiversity.

#### **Vintage**

Following an unusually wet and significantly warmer winter than usual, the heightened soil moisture and mild conditions gave rise to an early bud burst followed by even and rapid early season growth. October saw some sleepless nights for the vineyard team with low-lying snow keeping the threat of frost ever present. A mixture of good fortune and careful management of inter-row crops kept the threat at bay. After a warm and unseasonably calm and dry November, flowering and fruit set was early and occurred in excellent conditions. Veraison also started early but some cooler weather in February meant it progressed slowly. This was advantageous as it helped to delay the final ripening period from occurring in the usual heat we can experience in early to mid-March. Harvest began early on March 20 with stable and mild weather throughout and normal crop levels. Picking of Chardonnay and Pinot Noir was completed by April 8 with the Riesling finishing on April 14.

#### **Vinification**

25% of the fruit was retained as whole clusters with the remainder carefully de-stemmed directly to the fermenters by gravity without harsh pumping. Long pre-fermentation soaks of 8-10 days prior to fermentation with indigenous yeasts and punched down by hand up to three times per day with a total time on skins of 21-23 days. Pressed off and barrels filled immediately by gravity to the underground barrel cellars. The wine spent 17 months in barrel (35% new French) with two rackings and no fining or filtration, before bottling in mid-September 2015.
